

## LIQUID C.I.P. CLEANER PLUS

This product is a highly concentrated alkaline cleaner with chlorine that is specially formulated for "in place" cleaning of milk equipment. It contains water conditioners and soil suspending agents to prevent soil re-deposition on lines or equipment.

### DIRECTIONS:

Pipeline Cleaning: Ideal wash temperature is 71-77 °C (160-170 °F)

### Water Hardness:

0 to 14 grains - 20 ml to 10 L (1 oz to 4 gallons US)

15 to 19 grains - 30 ml to 10 L (1 oz to 3 gallons US)

20 to 35 grains - 40 ml to 10 L (1½ oz to 3 gallons US)

Bulk Tank Cleaning: Use 30-40 ml to 10 L (1½ oz per 2-3 gallons US) of 71-77 °C (160-170 °F) water.

For Commercial Use Only
